

# Northern Region Operations Traffic Signal Construction Industry Forum

**November 1, 2016**

**NoVA District Office**

## Why we are Here Today

- We value the hard work and expertise of the signal construction industry
  - Thank you!
- The goals of this forum are to:
  - Offer clarity on the latest updates to standards and specifications
  - Create an open dialogue
  - Better understand industry successes and challenges.
  - Facilitate a smoother transition for implementing the latest standards and specifications.
